## Cambridge Telephone Company

It's been a hot summer at the Cambridge Telephone Company, but a busy one. CTC kicked off the summer with the launch of wireless internet services in both McKinley Park and at Harry Strunk Lake/Medicine Creek State Recreation Area and staff worked very hard to ensure that those services were in place in time for the busy Memorial Day weekend. We are pleased

to report that those services have been well received.

On the business-to-business side, Pinpoint has been busy as well. Our engineers are currently working on projects spanning the country from Vermont to Nevada and our Network Solutions division recently established our first international connection in Manchester, England.

In telecommunications, if we're sitting still, we're falling behind. There are always additional projects in the works, and more to come in 2011. Inspired by neighbors and community, we remain dedicated to bringing you quality communications services here in Cambridge, Nebraska as we have since 1918.

# Back to School

As the 2011-2012 school year is quickly approaching it is time to think about buying school supplies for your children. Take the opportunity to shop local to keep your money in the community! There is no better way to support the community than to shop local!

## HomeTown Agency

### Parents:

Did you have a child graduate from high school this past May? Congratulations! You are probably planning on getting them ready for college this fall- preparing for the next phase in your lives!

When your child moves from home to college there some things to consider especially if he or she is planning to live off campus. Nearly 1/5 of college students rent-off campus housing. If living off campus the student should have their own renter's policy. If

they take a vehicle to college you need to notify your insurance agent with the address the vehicle will be garaged at.

Regardless of where they will be attending college one thing is for sure- college bills will accumulate over the 2 -5 years that it takes to get them through to finish & graduate. The situation is that if something were to happen to your child the bills for that education would still need to be paid. This would be a good time to consider a life insurance plan that

would take care of those bills should the unthinkable happen, but at the same time get your child started on an insurance plan that they can continue after graduation.

If you have any questions contact Hometown Agency & we will be happy to discuss any questions you many have and discuss the insurance options for your son or daughter! We are here to help you with your family's insurance needs!

## Upcoming Events

- August 2nd—Monthly Chamber meeting at the Baptist Church
- August 27th—Old Fashion Saturday Night—contact Jackie Johnson or Rev. David Feddern with any questions.
